This product was replaced by **PB110 Bath Fan w/ Grill**

PB110 remote inline bath fan removes moisture from the air with virtually no noise. With a small footprint on the bathroom ceiling, the white unobtrusive exhaust grille easily fits any bathroom design.

- Airflow 100 CFM at 0.20" Wg
- Smallest footprint on ceiling
- 7" white round plastic grille
- Backdraft damper included
- ENERGY STAR® listed
- UL listed for wet locations

The fan motor is located away from the bathroom which enables virtually silent operation. The ceiling exhaust grille is tied to the fan motor via an insulated flexible duct. The grille can be located over the toilet, the shower or above any other source of moisture or odor.

PB110 fan consists of a 4" duct fan, one ceiling vent grille and grille housing with a backdraft damper. The grille and fan use a 4" duct. The fan is designed for intermittent or continuous operation to meet ASHRAE Standard 62.2. UL listed for wet locations. Configurations with LED lights are available.
